DETAILED ACTION

Allowable Subject Matter

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art neither anticipates nor makes obvious a wheelchair having all elements as claimed, having a stretcher topping disposed on a support frame as recited, the stretcher topping configured for raising and lowering a patient between first and second levels, and specifically further including a storage compartment laterally slidably mounted upon the support frame, wherein the stretcher topping also includes a seat base assembly mounted on the storage compartment and a removable seat panel and potty panel, and a seat back and leg support as claimed in detail. The above recitation, combined with the rest of the structure in the independent claim, clearly defines over the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

3. The Information Disclosure Statement, filed January 23, 2004, is acknowledged and has been considered.
